

LEFE

The Lafayette Endowment Fund for Education, Inc. (LEFE) exists to expand the educational opportunities for the children of the Lafayette County School District. As a nonprofit organization, LEFE accepts tax deductible contributions to enhance the educational resources of our schools.

ENDOWMENT GOALS

LEFE makes an ongoing commitment to broaden educational resources for both today and tomorrow. Ten percent of all donations received each year are used to fund the permanent Endowment thereby providing financial support for future needs.

PROJECTS

LEFE solicits grant applications from teachers at Lafayette county schools. The applications are reviewed to determine which projects best enhance the learning process for our children. Grants for educational projects are awarded directly to teachers each year. Project costs typically range from \$250-\$1,000 each.

CONTRIBUTIONS

Tax deductible contributions to LEFE may be mailed to Post Office Box 1319, University, MS, 38677. For more information, please contact Greg Patton at 236-5717. Thank you for any assistance you are able to provide. In donating to LEFE you will enrich the educational experience of our children.

Please indicate your level of giving.

- \$20-Commodore
